*Trail Report:*

Gove Hill's logging operation is done for now,

Eighty percent of the trail system has had a check prior to the windstorm this month. Terry will attend the December 21<sup>st</sup> meeting of the Acworth selectman concerning the Heartbrake trail closure.

More checking for downed trees and branches is still going on. There are no workbees scheduled at this time – just members getting out whenever possible.

Trees are down on Perry on the east side of the mountain (P390). Sirkins from the boat landing was logged (needs to be checked for debris). The pond at Varnum's needs to be checked, and check on the plan on Britton Rd in front of their home. Doug has volunteers to do this.

Old Business:

Nothing at this time.

New Business:

There was a debate about Covid19 and the warming huts. No official vote, but the room felt simple signage, to be approved by the board later, that advised individuals they were entering the huts at own risk. Masks and limiting usage was considered appropriate.
